

KEYSTONE

Victorian[™] STONE

ATTRACTIVE, QUICK & EASY
ALIGNMENT, IDEALLY SUITED
FOR ANY APPLICATION.

Ideal for residential and commercial construction, *Keystone Victorian Stone[™]* provides unique benefits for both the contractor and owner. Large open core space in the center of the unit ensures sufficient infill placement and reduced weight for ease of handling. The *Keystone Victorian Stone[™]* system has a clean uniform appearance that blends harmoniously with any landscape setting.

KEYSTONE GREEN SOLUTIONS

FEATURES & BENEFITS

Keystone Victorian Stone™ is made of high-strength, low absorption concrete for long lasting structures. All structural units are interconnected using high-strength fiberglass pins for strong shear connection. The connecting pins allow for ease-of-unit alignment and a secure positive mechanical connection with soil reinforcement materials. Keystone's patented fiberglass pin system is the critical difference providing the safety and security of a structural retaining wall solution!

AVAILABLE COLOR

SIERRA BLEND

Please review actual samples before making a color selection. Please review Keystone Construction manual for installation guidelines and contact Boral Best Block for engineering questions.

PRODUCT PACKAGING INFO

PRODUCT SPECIFICATIONS
